

ST STEPHEN'S CATHOLIC COLLEGE

Policy - Financial Support for Student Representation at Extra-Curricular Events

Introduction:

The Mission Statement of St Stephen's Catholic College encourages all students to build successful relationships, communicate effectively and achieve their personal best. This can be achieved through participation in extra-curricular activities.

Financial guidelines:

1. All extra-curricular participation must be approved by the college principal
2. If the student/team is successful at the local level, the college will continue to support the endeavour up to and including State Level Competition
3. Support may include teacher supervision, transport assistance, accommodation and registration fees; the level of support will be determined on a case by case basis
4. If the student/team reaches a National or International level it will be up to the parents to bear all costs. The college may assist with fundraising efforts and staff supervision, which will be determined on a case by case basis.

Note:

This policy relates to students who **directly** represent St Stephen's Catholic College at an event, either individually, or as part of a team. (It does not apply to students from St Stephen's who are selected as members of a district, regional or state team).
